

***“Remote sensing of colour, temperature and salinity –  
new challenges and opportunities”***

44th International Liège Colloquium on Ocean Dynamics  
7-11 May 2012

# Poster Competition:

Two prizes will be awarded:

- a scientific committee prize
- a "public choice" prize.

The votes will be cast during the poster session on Tuesday afternoon and the winners will be announced on Wednesday (9 May). The posters will be judged for their scientific quality and the clarity and originality in their presentation. All posters in display during the poster session are eligible for both prizes.
